INTRODUCTION

FOR THE STUDENT: This material is part of the worldwide Suzuki Method of teaching. Companion recordings should be used with these publications. In addition, there are piano accompaniment books that go along with this material.

FOR THE TEACHER: In order to be an effective Suzuki teacher, a great deal of ongoing education is required. Your national Suzuki association provides this for its membership. Teachers are encouraged to become members of their national Suzuki associations and maintain a teacher training schedule, in order to remain current, via institutes, short and long term programs. You are also encouraged to join the International Suzuki Association.

FOR THE PARENT: Credentials are essential for any teacher that you choose. We recommend you ask your teacher for his or her credentials, especially listing those relating to training in the Suzuki Method. The Suzuki Method experience should be a positive one, where there exists a wonderful, fostering relationship between child, parent and teacher. So choosing the right teacher is of the utmost importance.

In order to obtain more information about the Suzuki Method, please contact your country's Suzuki Association, the International Suzuki Association at 3-10-15 Fukashi, Matsumoto City 390, Japan, The Suzuki Association of the Americas, 1900 Folsom, #101, Boulder, Colorado 80302, or Summy-Birchard Inc., c/o Warner Bros. Publications, 15800 N.W. 48th Avenue, Miami, FL 33014, for current Associations' addresses.

Under the guidance of Dr. Suzuki since 1978, the editing of the Suzuki Cello School is a continuing cooperative effort of the Cello Committees from Talent Education Japan, the European Suzuki Association and the Suzuki Association of the Americas.

The D-string Posture is fundamental and should be completely mastered.

Exercises for Proper D-String Posture

Place bow as on Page 5. Use a short bow stroke.

Exercises for Changing Strings

Exercises for Quick Placement of Fingers

Place fingers 1,2,3,4 quickly and accurately during the rests.

When playing the 4th finger, keep all four fingers down on the string.

The First Position

The purpose of the following exercises is to play the notes accurately.
Press the string with the tip of finger.

The first exercise shows the D String and A String with fingerings: D String (0, 1, 3, 4) and A String (0, 1, 3, 4). Below this are two staves of exercises. The first staff shows a sequence of notes on the D string (D, E, F, G, A, B, C, D) with fingerings 4, 3, 1, 0. The second staff shows a sequence of notes on the A string (A, B, C, D, E, F, G, A) with fingerings 4, 3, 1, 0.

- Play the 4th finger, keeping the 1st, 2nd and 3rd fingers down on the string.
While playing the 4th finger, think and prepare for the next position of your finger.
Repeat on the A string.
- For half a year, at least, continue the practice of stopping the bow on the string after each note to get a clear sound.

The second exercise shows the A String and D String with fingerings: A String (0, 1, 3) and D String (4, 3, 1, 0). Below this are two staves of exercises. The first staff shows a sequence of notes on the A string (A, B, C, D, E, F, G, A) with fingerings 0, 1, 3. The second staff shows a sequence of notes on the D string (D, E, F, G, A, B, C, D) with fingerings 4, 3, 1, 0.

D Major Scale

While playing the upper half of the scale, the 1st and the 3rd fingers should remain on the string.
When you place the 3rd finger, place the 2nd down with it.

The D Major Scale is shown on two staves. The first staff shows the ascending scale: D (0), E (1), F (3), G (4), A (0), B (1), C (3), D (4). The second staff shows the descending scale: D (4), C (3), B (1), A (0), G (0), F (4), E (3), D (1), C (0). The notes are marked with fingerings: D (0), E (1), F (3), G (4), A (0), B (1), C (3), D (4) for the ascending scale, and D (4), C (3), B (1), A (0), G (0), F (4), E (3), D (1), C (0) for the descending scale.

Important Instructions for Practice:

The fingering 0 4 requires very careful practice. Stop the bow after you play open A, and be sure to place the first, second, third, and fourth fingers in the proper position on the D string before you continue to play.
